## YOEMEN OPEN FLAG RACE FRIDAY

People travel long distances to see great paintings, and the work of inspired artists. But those of us who rarely or never see those works of genius, can yet observe the glorious colors which Nature paints in all our fields and gardens.

It seems as if nature, desiring to celebrate the close of the growing season, has proceeded to decorate the fair surface of the earth with the most beautiful color that mind can conceive. This decoration is not merely the transient color of the fading leaf, which bursts into some gorgeous red and yellow for a few brief days and falls to the ground.

Our gardens and cultivated fields are full of these color harmonies, which Nature weaves together in her magic tapestries. An apple tree with its twisted trunks and shaggy bark, may seem too harsh an object to take any part in Nature's decorative scheme. But just look at the tree as every branch is studded with beautiful red fruit, which stands out in the symphony of Nature like the bright tones of a trumpet rising above an orchestra.

Or take the yellow tones of the orange, lemon, and the grape fruit orchards. They seem like reflections of a glorious sunrise, painted with colors that will adorn our dinner tables for months to come.

In the gardens both vegetables and flowers paint on Nature's carpet every possible shade of color the rainbow ever imagined. Can people say that Nature is a dead and unthinking machine, when it has made that feast of beauty to please our eyes? Rather that beauty suggests that a warm and sympathetic heart is behind all creation.

With the enormous toll each year in the United States from preventable fires, it is only stating the obvious to say that every week should be fire prevention week.

All of us, perhaps, are more careless than we ought to be. There would be far less trouble in the world if we were just a bit more thoughtful. The habit of carelessly casting aside cigar butts and cigarette stubs is responsible for many fires. Despite warnings and horrible object lessons people persist in pouring oil into stoves to hasten the blaze. Every year finds somebody mistaking gasoline for kerosene. Somebody lights a match and carelessly throws it where it will ignite an awning or pile of rubbish. In the coldest weather many folks fire up their furnace too highly. Here and there, from this cause and that, hundreds of fires are started that could have been prevented.

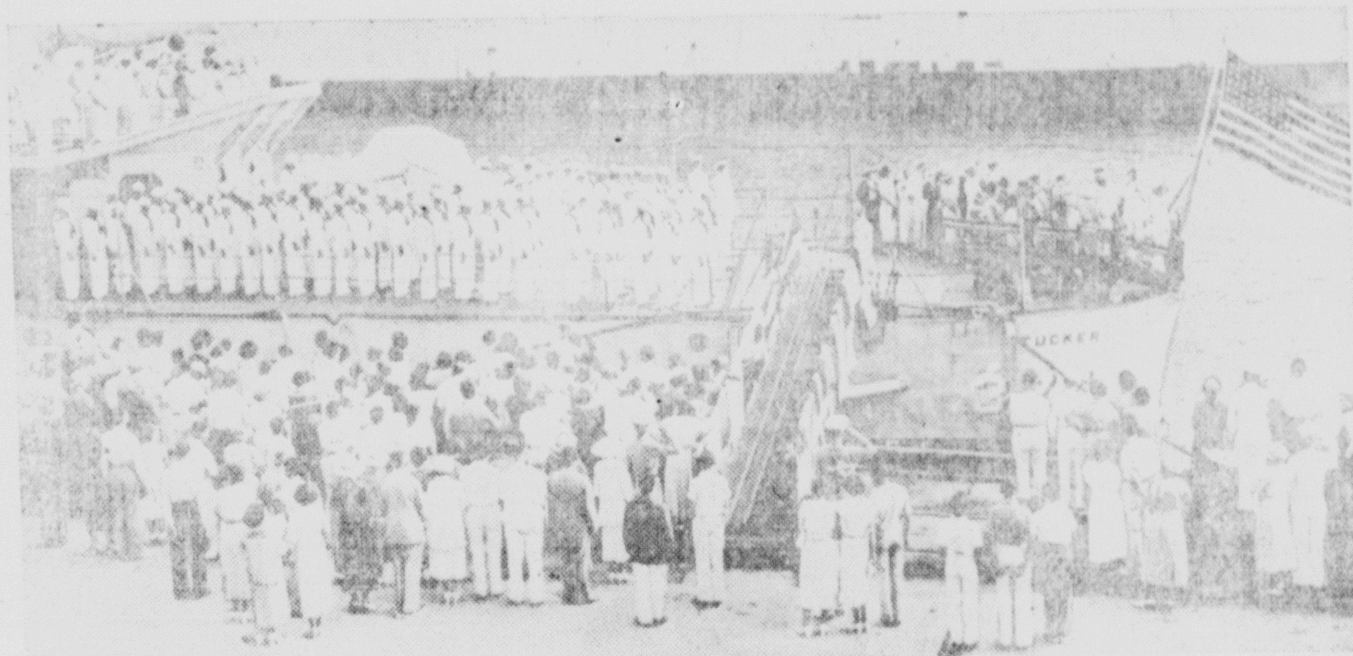

Fire losses in 1935 were the lowest in years and the losses in 1936 thus far are lower than those of last year. In spite of this, however, the loss in the United States is the greatest of any country in the world. Approximately 10,000 persons were burned to death in 1935, and one-third of these were children under 10 years of age. Within the last year there has been an abnormal increase in dwelling house fires.

While chill October nights nip the flowers with their frosty fingers, the flames dance inside the home on the hearth fire. As the householder piles on the wood, the flames leap higher, and the dwelling seems more homelike.

As one sits by the blazing logs, memory is stimulated. Faces once loved, but now gone, are seen again. One thinks of old friends with whom one saw in the firelight years ago, and wonders what life has done to them.

The mind grows brighter under the inspiration of those flames. If people can stop their hustling activities long enough to spare an evening by the firelight, they will find fireside thoughts and talk rewarding. Such home conversation has been one of the educating forces that have made America. When men and women discuss their problems in the quiet firelight, passion cools down, and reason becomes powerful.

### Another "Greyhound" for Uncle Sam's "Pack"

With her crew and guests at attention on the after deck, the U. S. S. Tucker, latest addition to the United States' destroyer fleet, is commissioned into service. Lieut. Commander George T. Howard accepted the ship for the United States navy and took command.

### Deep Test Spuds in Under Derrick Overlooking City

Surface pipe was set at 40 feet last Thursday when the Chas. McDermott No. 1 well was spudded in by W. R. Ritchey and associates of Tulsa, Oklahoma, drilling a deep test on a block of acreage mapped by Sam Hohenstein, veteran oil scout.

The big derrick, 112 feet high, can be seen on the horizon east of the city. The well is on the Chas. McDermott farm and is being drilled in the same structure and fault of the old

Posey Well, that came in a gasser some years ago and continues to produce gas.

Mr. Hohenstein has been working for 15 years trying to get a well drilled in this exact locality. He believes the structure is as good as anything he has seen in recent years.

Flood conditions in Little River bottom has prevented operations this week. Drilling will get under way next week.

### Yoe Busts To Dominate South Campus of School

After more than 10 years since they were fashioned by Copini, busts of Mr. and Mrs. C. H. Yoe are to find their rightful place at the entrance to the high school campus in the south approach.

Excavations for the foundation were under way this week. The bronze busts will be placed, one at each corner of the entrance and the surrounding structure will enhance the gateway.

F. S. Lesovsky, member of the school board, is responsible for the persistent planning to place these busts in honor of the pioneers who gave the city the Yoe High School building. Mr. Lesovsky under a previous board of which he was a member, took the lead in an effort to secure for the city these busts of the noted benefactors. At a cost of several thousand dollars they were purchased but never erected.

Funds for the cost of placing them is realized partly from money supplied by the board, the remainder coming from the federal government. The sum of \$288 was contributed by the Parent-Teacher Association realized in commission on the sale of face brick on the new gymnasium.

It was expected that the work of placing the busts will be completed within the next two weeks.

### RIVER FLOOD SUBSIDING

Little River was receding slowly from its rampage over bottom lands Wednesday and indications were traffic would be resumed early Thursday over the highway leading east to Milano. At 3 p. m. Tuesday the gauge registered 38.70 nearly nine foot above flood stage, it was reported officially.

During the night waters fell considerably below the peak of Tuesday afternoon and the muddy tides were abating gradually on Wednesday. Additional flood waters from the Leon were expected to send the stream up again, but nothing like the flood of Tuesday was anticipated.

Brazos Is In Banks

Reports at noon Wednesday said the Brazos River at Valley Junction was not yet spreading over the low lands as was reported in the press Wednesday. Tuesday it was believed the Brazos would overflow when the Little River flood hit the channel a mile above the bridge of the Missouri Pacific Lines.

Crop damage was not regarded as heavy in the bottoms due to the shortage of the cotton crop. Feed-stuff was destroyed and livestock in limited numbers were swept down the river. The waters were higher on Tuesday than at any time since 1921 the highest flood stage recorded in the history of Cameron.

Loss In 1921

In the flood of 1921 more than 200 lives were lost in the county. At Taylor 22 inches of rain fell on the night of September 9th and in Cameron 10 inches fell.

The river was receding rapidly at noon Wednesday but was expected to rise again Wednesday night when waters from the rains at Hamilton reached Little River south of Belton.

Steel Stands Are Going Up Yoemen Field In City

Contractors were on the grounds Wednesday to begin erecting the steel stands at Yoemen field, a long awaited development in connection with the government project under which they were realized.

It was said Wednesday that the stands would be in readiness for the game here on October 9th with Georgetown.

J. H. Sapp To Survive Serious Illness

J. H. Sapp, critically ill at his home for the past ten days, was reported improving and hopes are held that he will survive the attack of typhus fever that all but took his life last Wednesday, when Dr. Epperson, attending physician, held little hopes for his recovery.

### MARBLE MACHINES ARE UNDER BAN IN COUNTY

Marble machines in Milam county were under ban at midnight Sunday and their operation has been discontinued at the request of Criminal District Attorney Camp and Sheriff R. M. Kennedy, it was announced at the office of the District Attorney Monday.

In many sections of Texas, notably Harris County, marble machines have been taken up by owners. The movement here is in line with developments over the state. It was regarded as certain the machines would not be operated here until disposition is made at Austin of proposed legislation at the coming session in January when an effort will be made to obtain a law to legalize and regulate the machines.

In the ban here there was cooperation in every particular with the officials who requested their discontinuation.

### HOTEL PLANS LOST IN MAZE UNCERTAINTY

Plans for a new hotel in Cameron were lost temporarily in a maze of uncertainty, it was disclosed here Wednesday.

S. A. Cottle, for whom the new plans were being considered, was unable to say just what had been done. Jim Sampson it was understood, had under advisement a two story business block across from the Federal building and his hotel plan was conditioned on the failure of the first plan.

### TWO GUILTY PLEAS ENTERED IN COURT

Two pleas of guilty were entered in District Court here Wednesday and one drew a suspended sentence for stealing cattle while the other drew four years on a burglary charge.

Henry Steel, indicted by the grand jury, plead guilty and got off with a suspended sentence. Elmo Lemons charged on two counts with burglary was given two years in each case.

### TAX ROLLS APPROVED FOR MILAM COUNTY

Tax rolls for Milam County were approved Tuesday by the Commissioners Court in the sum of \$15,202,743.

The approval of the rolls fixes the taxable values from which revenues will be obtained for the county government in 1936-37.

Judge Jeff T. Kemp released the following schedule showing in detail the properties levied upon and the amounts each division contributes in values:

Land, 693,921 acres	\$9,163,420
City Property	2,558,095
Personal property	1,942,017
Railways, Road Beds	906,781
Railway, rolling stock	166,412
Railway, intangible val.	122,730
Telephone Company	15,654
Pipe Lines	119,000
Banks	208,626

\$15,202,743

Properties of Utility Companies are to be added to this list.

### Premium List Now Ready For Fair

Premium list for the fall fair to be held in Cameron November 13, 14, and 15 has been announced. This list will be printed in an early edition of the Herald.

The fair will be held in the Wilson-Ledbetter Park but will be a limited exhibit. Future plans call for a permanently equipped community center for such events.

### BACKFIELD IS SHORT ONE OF ITS STARS

Opening game of the Conference will be played on Yoemen field Friday night against Thrall.

Coach Wood was putting his charges through their final bag of tricks before the opening and was confident his team would be able to give spectators a thrilling performance.

In the game at Caldwell Friday night, Earl Peck, backfield, was clipped late in the fourth quarter and carried from the field in the arms of four maroon players. He will not be able to start in the conference opener here Friday night. This will reduce the potential power of the backfield.

### Line Sensational

The line play was nothing short of sensational and the development in this division of the team is a miracle of coaching. The Yoemen in defensive football will deal opponents plenty of misery.

Although flood conditions were not promising, a good crowd is looked for the conference opener Friday night. The Yoemen should win from Thrall. Hardest competition is coming from Belton, Granger, Taylor and Rosebud.

### LIFE FOR NEGRO WHO BEAT AGED MERCHANT AT BRANCHVILLE

Coleman Harris, negro, who beat and robbed Pat Harrison, aged merchant at Branchville early this year, was given a heavy prison sentence in District Court here Wednesday when he entered a plea of guilty.

Harrison will serve not less than 5 years nor more than a natural life term in the walls at Huntsville for his crime.

He was charged with robbery by assault. He was arrested in Valley Junction by Deputy Sheriff Carter at Milano and Special Officer Wheeler as he slept in a box car. The money he took from the aged merchant was hidden in a wall pocket of the car and was recovered in Houston.

Harrison watched the merchant as he locked his store about 9 p. m. on Saturday night to go to his home. Waiting by a path that led across a small bridge he attacked the merchant with a brick and beat him as he lay on the ground. Only a small amount of money was taken.

### Camp Scores

Criminal District Attorney Camp said the sentence meant, under the indeterminate law, that the negro would serve in prison the rest of his natural life.

Evidence in this case was obtained by Mr. Camp who forsook a social rally in Burlington on Sunday night, worked through the entire night and all the following day and succeeded in making an air tight case. Mr. Camp has scored heavily in other cases because he went into action immediately and stayed on the job until the case was cleared up.

### Stewart Offering Better Foods For Lowering Prices

B. F. Stewart has a message of interest to food buyers in this issue of the Herald, Cameron's only Thursday morning newspaper.

The big week end sale of merchandise is one of the interesting developments of the week. Mr. Stewart believes his sale this week is one of the best in the history of his store.

R. B. Rylander, Jr., ad writer for the store, has put a lot of emphasis on the values included in this event. "We will have a most attractive line of food values for the week end," said Mr. Rylander, "and the appeal will be very wide because we have included every department of the store."

## How Los Angeles Welcomes Its Guests

Los Angeles hospitality is being extended far beyond the city limits in the operation of a new plan for welcoming hotel guests devised by a local manager, P. G. B. Morriss, to expedite the handling of large tour parties. Detailed as a traveling room clerk, a junior executive of the hotel boards trains at San Francisco or San Bernardino and registers expected guests as they sit in their train seats. Room keys are given out and baggage marked with room numbers, on the train. After detraining the guests go by taxi-cab to the hotel and then direct to their rooms without delay in the lobby, to find mail awaiting them and baggage on hand within fifteen minutes. Only large parties with advance reservations are handled in this way.

4-H girls exhibit is being planned this year, with a premium list to cover both phases of work. It is hoped that every section of the county will be represented in the exhibit by home economics departments as well as 4-H Clubs.

## DR. W. A. LATIMER IS BURIED IN UVALDE

The passing of no one man in Uvalde is more deeply regretted by the entire citizenship and no loss will be more keenly felt among people of all classes and in all walks of life than the death of Dr. Wilson Adrian Latimer, who passed away Thursday morning in a San Antonio hospital, a victim of pneumonia.

Dr. Latimer became ill last Friday morning and Saturday afternoon developed pneumonia. He was taken to San Antonio Sunday and his condition, although somewhat improved for a time, gradually became worse, death coming about 10 o'clock Sunday morning.

It can be truly said of Dr. Latimer that he gave up his life for his fellowman. His physical condition was weakened by constant attention to his patients, day and night. His thoughts were always of doing good for others and in many cases without any thought or hope of remuneration.

His death is an irreparable loss to his family and his community. As a physician, a husband and father, and

above all, the high type of Christian man that characterized his daily life—his passing will be more deeply felt as time goes on. Funeral services were held Friday 4 p. m. at the First Baptist Church. Interment will be in Uvalde.

Mr. and Mrs. C. E. Triggs of Cameron went to Uvalde Friday to attend the funeral of Dr. Latimer. They returned home Sunday. Mrs. Latimer

is a sister of Mrs. Triggs. Friends in Cameron will regret to know of their bereavement.

## COTTON PRODUCTION SHOWS INCREASE

The census report shows that there were 11,416 bales of cotton ginned in Milam county from the crop of 1936 prior to September 16, 1936 as compared with 11,236 bales ginned to September 16, 1935. This report shows an increase of only 180 bales.

## News From Talbott Ridge

The sun is shining today, and it is much cooler than last week. We have had so much rain lately that the bright sunshine is welcomed by everyone and especially by the farmers who still have some more cotton to gather.

Some of our school children have been absent on account of sore eyes.

Mr. Pete Williams has been sick for the past few days, but we are glad to report him on the road to recovery now.

Mrs. Dave McCoy, accompanied by Misses Annie Beth, Mary Sue and Mollie Dee Cook of Ben Arnold, attended the Texas Centennial at Dallas over the week end. While here they were guests in the L. H. Miller home.

Mrs. Tom Sanderson and children spent Sunday in the home of her parents.

Mrs. Sammie Yoakum and son have concluded a visit with her mother, Mrs. Lula Shaw of Gause, and returned to their home here.

J. Tom Williams was a business visitor in the John Pennington home Monday.

Mrs. Lee Caywood was visiting Mr. and Mrs. Pete Williams Sunday.

### She Tries Hard ... But In Vain!

She tried to take care of her own hair, but it ended as so many cases have... a complete failure. Her hair does not have the luster that it should, it is lacking that appealing loveliness. Her hair is badly damaged, the ends are dry, it has been overbleached, and harmful chemicals have been used. Occasional visits to different shops, that take no personal interest in the patron, undoubtedly hindered instead of helped.

### No Effort And Beautiful Hair

Now she is getting the full luster and charm that she deserves. She has regular appointments with Lalla Meyers—her hair is kept in wonderful condition. She now has appealing loveliness in her hair that she has been lacking. Whether it be dinner, golf, riding, dancing, or swimming her hair is always in condition. We make a study of her hair and its problems. Visit Lalla Meyer's soon and notice the difference.

## DRAMATIC CLUB IS ORGANIZED IN YOE HIGH SCHOOL

### The Staff

Published weekly by the students of Yoe High School and Ada Henderson School.

Editor—Cuthrel Heath  
Associate Editor—Milton Leech

Reporters—Yoe High School: Virginia McKinney, Bob Nabours, Mary Frances White, Mary Ellen Cottle, Caroline Chambers, Ella Bess Haygood, Patricia Batte, Dorothy Perkins, Janette McIntyre.

Ada Henderson School—Jimmy Coleman, Morris Eplen.

Typists—Vivian Whites, Florence Terry, Frances Terry, Catherine Monroe.

### Why Not?

As we see it, the chief purpose of a general assembly are to bring us into closer contact with each other and with our teachers, to provide amusement, and to relieve the tension of mid-week study.

Every pupil expects these purposes to be fulfilled when he enters the auditorium each Wednesday, and when he finds that he must listen to a dull program, he is justly disappointed.

And, whether the program is interesting or dull, if he cannot enjoy it because some one near him wants to talk to a friend, because someone else wants to sneer or cat-call, then he certainly does get disgusted.

Let's give the same old crowd who always perform a chance to rest, and for a change, let's see some new talent on our stage. We want better assembly programs in which YOU and YOU take part. And when we get better programs, let's show that we enjoy them.

### Season Sale of Tickets Is Poor

The sale of season tickets in Yoe High School was as disappointing as the sale in town. There were only 21 students tickets, 52 pep squad tickets and 9 adults tickets sold in Yoe High School since last Thursday.

Students are urged to buy season tickets even at this late date.

### Who's Who in the Senior Class

ELLA BESS HAYGOOD

A voice echoed through the house. Three times it shouted, "Sis". Give up? It was Mr. Haygood calling Ella Bess. That's what the father of this prominent Senior calls her. But quite different from this title is the one by which her mother knows her, "Baby." "Sis" or "Baby," whichever you prefer to call her, plans to take a course in beauty culture in Houston when she graduates from Yoe High. When this reporter interviewed her, we did not have to ask her what her favorite color was. She had on a blue dress, blue socks, blue combs in her hair, a blue belt. Her favorite color must be blue. The song which is her favorite is "A Star Fell Out of Heaven." (Turn to page 6)

### Band Welcomes Santone Visitors

The Cameron Band assisted the Lions Club in welcoming the San Antonio booster train at the Santa Fe Station September 23.

The band greeted the train with the selection "His Honor" and then went to the Christian Church, where they took part in the program at the luncheon served to the visitors.

### Informal Singing Features Assembly

Group singing, led by Miss Emma Pearl Clement, from Ada Henderson, was the feature on the chapel program September 23.

Other numbers, announced by E. A. Perrin, were piano special by Elizabeth Sprott, songs "Lassie O' Mine" and "Rendezvous With a Dream," by Virginia Weems, accompanied by Mrs. J. L. Clinton and songs by Ted Matula.

### Following the Team Around

Friday night looked upon one of the most bitterly fought gridiron battles that ever took place between two rival high schools.

Caldwell with the physical and psychological advantage, was badly outplayed the first three quarters but recovered in the last one and threatened the Yoemen goal.

It was one of the cleanest games ever played between these two old rivals, with only three five-yard penalties resulting from off sides backfield-in-motion. The downs stood 8 to 4 in favor of the Yoemen.

### Prospects Good for First Conference Game.

The Yoemen play the Thrall Friday night.

This will be an exciting battle, as it is the first conference game for both teams. The maroon and grey have a win and a tie to their credit.

### Enthusiasm High At Pep Rally

More enthusiasm was shown in the second pep rally of the current football season held in the high school auditorium September 24, 1936, than at the first rally last week. Virginia Compton, assisted by Barclay Jeter and Leroy Kubecka, led the yells. C. M. Hicks made a talk concerning the game between Caldwell and Cameron. Judge Graham Gillis paid compliments to the team, the band and the pep squad.

Thrall has been beaten by Class C competition.

We predict 30-0 or over with the home team on top.

### PERSONALS

Reba Young spent the week-end in Rockdale.

Angie Jane Reid spent Friday night in Belton.

Mary Alice Jackson spent Sunday in Bryan.

### EIGHTEEN JOIN IN MOVEMENT

At the first meeting of the Yoe High Dramatic Club, September 23, eighteen students joined.

Miss LaNelle Love, the director, conducted a study in drama and dramatics. The plans for the club at present, Miss Love stated, were to present at least one play every two months.

The following members meet with the club regularly: Trent Nabours, Patricia Batte, Milton Leech, Ella B. Haygood, Nell Williams, Charles Ed Hensley, Elaine Young, Dorothy Perkins, Lee Batte Harvey, Woodrow Lange, Veda Graham, Mary Ellen Cottle, Alberta Conner, Marjorie Cooper, Mary L. LaCook, Mary Frances White, J. T. Owings, Charles Sprott.

## ROBERT KLEYPAS, SR.

By Mrs. Ben Kleypas

Robert Kleypas, Sr., age 67, a pioneer citizen of Burlington, died at his home two and a half miles east of Burlington, Saturday, September 26 at six o'clock. Funeral services were held from St. Michael's Catholic Church in Burlington, Sunday afternoon at 3:30, with Rev. Father Tim O'Sullivan officiating and interment in St. Michael's cemetery.

Deceased was born in Wisconsin, and moved with his parents to Burlington when a small boy, where they resided a short time, later moving to Waco, where he grew to young manhood. He was one of the first students to attend the Sacred Heart Academy of Waco. He was married to Miss Mary Busker, also of Waco, at an early age. They moved to Burlington during the first year of their married life and bought a farm where they lived until his death. He was the father of 11 children of whom all survive except one son, who died in infancy.

Mr. Kleypas had been in poor health for several years, although his death came suddenly.

It can truthfully be said of him: "to know him was to love him." He was indeed a great man because he lived a great life, being honest, kind, humble and unselfish. He was always thoughtful and considerate of his neighbors, his friends, and his family, and put his Lord first in everything. He never struggled for wealth

or a great home, but rather desired to live and let live.

The following poem describes his life, and is contributed by one who knew and loved him:

"Why should I trouble for tomorrow?  
Am I not in my Father's care?  
He will go with me as I journey,  
For all my needs He will prepare.

I know that He provides the lilies,  
His eye, each falling sparrow sees;  
I need not trouble for tomorrow  
For I am more to Him than these.

## LEGION POST HERE TO DEDICATE HUT

Edwin Hardy Post American Legion will hold its regular meeting Tuesday night, October 6th at 7 o'clock. This meeting will be one the membership will long remember. After years of hard work, the Post has completed its home—a home that it can well be proud of. On this night the hut will be dedicated. It will be an everlasting memorial to the boys who fought for their country in 1917 and 1918, also to the members of the Post who have given of their time and money to make the home possible. Judge Fountain Kirby, Legionnaire of Groesbeck, will deliver the dedication address.

Immediately after the dedication ceremonies, the Post will begin its regular meeting, at which time the

officers for 1937 will be installed.

Plan Armistice  
The regular Armistice Day Dinner will come up for discussion at this meeting and it is the desire of the officers that every member of the Post be on hand at this time. This dinner has become an institution in

this county, having been held each November 11th since the signing of the Armistice eighteen years ago. It is the desire of the Post to make this celebration even bigger and better.

All of the neighboring Posts have been requested to attend on this night and officials from department headquarters, Austin, have notified the Post they will be here.

All veterans of Milam county are urged to be there. A good program and lots of eats.

## CAMERON B SQUAD LOSES TO OLANVILLE

The Yoemen B squad lost to Olanville Tuesday night in the Yoemen Stadium in Cameron by a score of 35 to 0. The future Yoemen failed to show the traditional fight of the maroon and grey when they allowed the Olanville boys to cross their goal line five times and score five extra points.

The junior squad is made up largely of freshmen and sophomores ranging in age from fourteen to sixteen who are breaking into football for the first time this year and have yet to learn the basic principles of the game.

Coach Weed kept a watchful eye on the B squad Tuesday night because it is these boys that will form the back bone of his 1938 team.

Frank McLerran is in Shreveport, La., where he has accepted a contracting job with the Kraft-Phenix Cheese Corporation.

## DEATH IS MYSTERY

Criminal District Attorney Camp was up against a blank wall in his investigation following the death of Ulices Taft, negro who was found near Thorndale on last Sunday night September 20th.

Mack Wills, slightly wounded, told a story that later proved untrue. He said they were asleep and supposed a car hit them. Darwin Hodges, negro, said that Wills shot Taft and threw the pistol in the San Gabriel river.

### River Searched

Wills was taken to the spot where Hodges indicated the pistol was thrown in the river and made to search for the weapon. In the meantime an autopsy was performed on the dead negro and it was found that no bullet had entered his head.

Now the Sheriff and District Attorney are searching for a motive and the instrument of death, believed to have been a sharp iron pin of some nature. The negro's skull was penetrated about three inches the wound indicated.

This case and other cases along with the grand jury has kept the youthful district attorney and his assistants and officers busy the past 10 days. A heavy docket is also coming along and indications are the court house will be a busy place this fall.

### YOUTH AND BEAUTY WITH CIRCUS

Prominent among the arenic artists featured in Russell Bros. Circus are the internationally famous Hodgini troupe of bareback riders, whose charming and daring equestrian frolics will be highlights of the two performances to be presented in Cameron on Saturday, Oct. 17.

Charles DeCal of Rockdale was a business visitor in Cameron Saturday.

### Sparrow Lives in Barber Shop

PITTSBURGH.—A sparrow flew into a barber shop three weeks ago and decided to stay. Its favorite spot is a washstand before a mirror where it sits to preen. The barber thinks his name may have something to do with the strange affiliation. It is Tony Sparano.

Those who attended the Greyhound dog races in Fort Worth last week end from Cameron were: Mr. and Mrs. Frank Barret, Jessie Gibbs, Nig Moody and Emma Jean McClaren.

## Just One of the Displays at the Pomona Fair

It really doesn't grow this large in Southern California, but this oversized ear of corn has been prepared for one of the displays of the famous Los Angeles county fair which opens at Pomona in September.

Mr. and Mrs. A. J. Hilderbrandt made a business trip to Rockdale Monday.

Mr. and Mrs. R. M. Conner of Houston visited relatives here Sunday.

Mr. Henry Mills visited home folks Saturday.

Miss Katie Mae Elmore is back at home now.

Mr. and Mrs. Jack Bussa visited in Hearne Sunday.

Mr. George Hartley visited Mrs. Julia Kirk Sunday.

Mr. Russell Robinson of Lake Charles is visiting his parents, Mr. and Mrs. Ed Robinson.

Mr. and Mrs. Henry Miller moved to the River Side Farm recently.

Edgar Elmore visited Sambo Pounds Sunday.

Mr. Okie Mills visited Mr. Shack Shafer in Pin Oak Friday night.

I hate funerals, and would not attend my own if it could be avoided, but it is well for every man to stop once in a while to think of what sort of a collection of mourners he is training for his final event.—Robert T. Morris, fifty years a surgeon—Readers Digest.

Grady Hughes of Oklahoma spent the week end with his family in Cameron.

## Banzhaf Says Compliance With Soil Act is Easy

### Pooled Tax Exemption Certificates

According to a memorandum from the Washington office, plans are now complete for the issuance and distribution of checks in payment of the pro rata share of each producer for Pooled Tax-exemption Certificates. In connection with this distribution, please be advised that there will be a considerable number of small checks. The fact that these checks are small is due to two things: First, small poundage surrendered, and second, small amounts sold from the pool.

There will be no effort made on the part of the Washington office to reissue certificates in place of unsold poundage. Due to the fact that there will be so many of these checks to issue, it will be some time before any payments are received in Milam County.

### Complying With Soil Conservation Program

Farmers who have signed work sheets are urged to comply with requirements for payment before October 31, as that is the final date that a farmer may comply and receive payment for carrying out approved soil conserving practices. Producers who did not plant trees or sudan, or carry out approved Johnson grass eradication work earlier in the year can now plant perennial legumes, winter legumes, or establish permanent pastures on crop land before October 31 and still comply with the Regulations pertaining to the Soil Conservation Program.

### Program Well Adapted for Production of Livestock

According to farmers of Milam County who use livestock as a sideline to their farming operations, the present Soil Conservation Program is well suited to this type of farming. According to the records in the County Agent's office concerning farms which have been measured up to the present time, quite a few farmers have taken advantage of the practice which encourages establishing permanent pastures. In spite of the fact that we have had a very unfavorable year on newly established permanent pastures, quite a few farmers have reported fair success from the seedlings and sodgings made this spring. Many farmers are taking additional advantage of the recent rains in some sections of the county and are making additional fall seedings of permanent pasture grasses not only to comply with the provisions of the program but to improve their pastures, which means increased carrying capacity of pastures in the future.

Sudan grass has very forcefully proved its value as a temporary pasture plant during the extremely dry summer. In spite of the fact that parts of Milam County had no rains

during the summer, farmers from these sections of the county report that their sudan pastures have held up well under reasonably heavy pasturing with livestock. Since the recent rains, sudan pastures that have not become too stemmy have revived and are furnishing succulent pasturage at present. The best results from this type of pasture seem to have come from seedings made in eighteen-inch rows and on pastures that have either been pastured with enough stock to keep the plant from developing a stem, or on pastures that have been mowed to destroy the stems and force the growth of the young tender shoots from the root stocks. The mowing was done on a half or third of the pasture at a time, rotating the mowings. In a year like this, sudan has decidedly been a boon to farmers who were faced with the problem of carrying livestock through the summer with very little available pasture. Farmers of this county have realized the value of a good temporary pasture for the summer.

Another desirable phase of the Program is the fact that cowpeas may be harvested as hay or pastured with livestock without affecting the soil conserving or cotton payment. Farmers who pasture cowpeas, or harvest the vines as hay, will not receive the soil building payment.

## YOE LINEMEN STOP CALDWELL HORNETS IN BIG UPSET

### BATTLE OF BURLESON IS A SCORELESS TIE

Led by Luther Poole, Yoe Linemen, made thousands of spectators forget about a fast and spectacular backfield Friday night at Caldwell in the battle of Burleson and held the Hornets to a scoreless tie while the team piled up 8 first downs against 4 for Caldwell.

A brilliant feat in coaching has produced the fastest line in recent Yoemen history. Poole, great tackle, literally burned up the field, and his team mates of the line, Hatch, Guess, Mode and Heath strung along with the big letterman to give the most dazzling exhibition of line play ever seen in an early season game here.

#### Peek Injured

Earl Peek, backfield star, was carried from the field late in the fourth

quarter, after he had led a sensational offense. He was badly crippled and may not be able to start Friday night in the conference opening game in Cameron against Thrall. Likewise Joe McLean, quarterback, was injured in the first quarter and taken out by Coach Wood as a precaution against further injury.

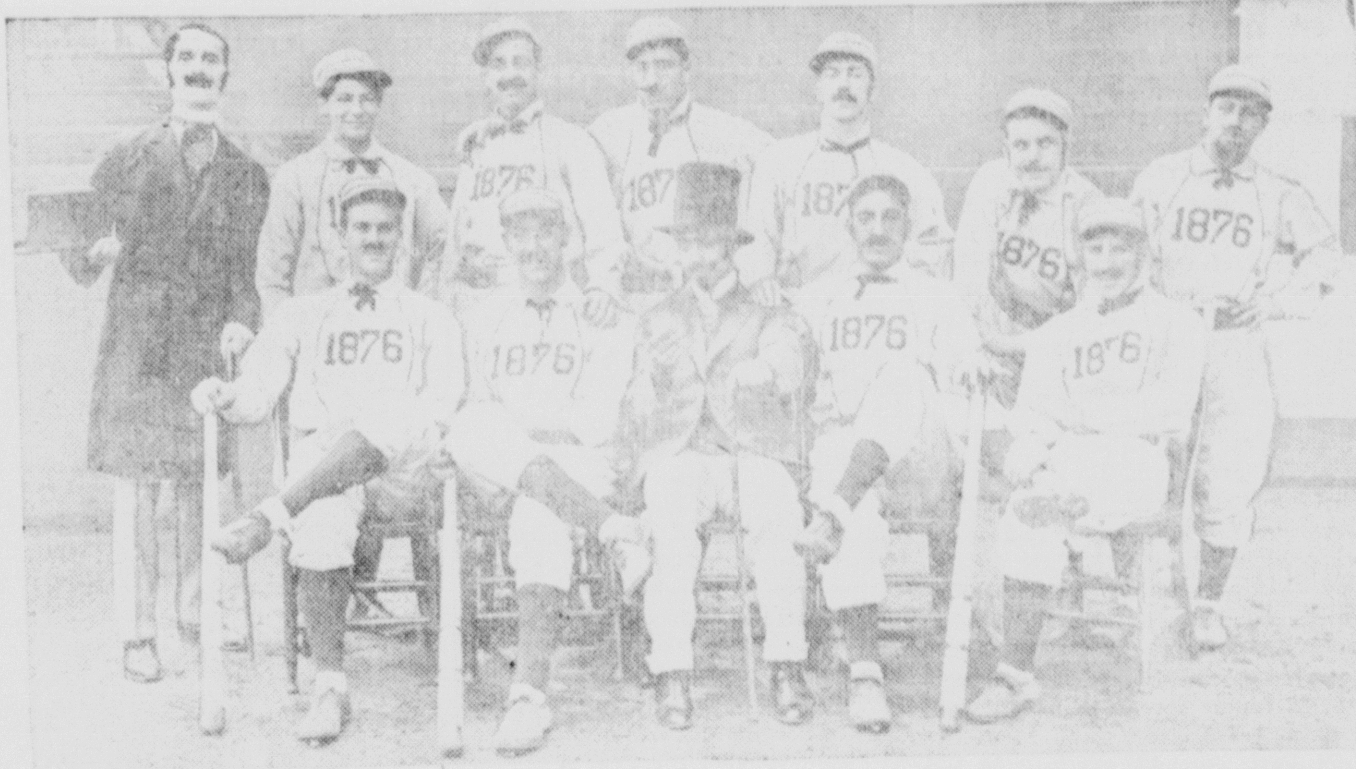

A special train that did not have enough seating capacity, took 530 passengers from Cameron to the game.

#### Cameron's Ball

Caldwell kicked off to Peek who received ball on his 20 yard line and with aid of excellent blocking of the Yoemen team he was able to return ball to his own 45 yard line. With ball

### As Baseball Was in the Beginning

All dressed in the resplendent uniforms of 1876 these modern baseball players from the New York sandlots helped the New York Giants celebrate the sixtieth birthday of the National league. They played under the rules of 1880, and adopted the names of stars of the era of flowing mustaches and burnisides.

### FARM CLUB NEWS

The Fall Round-up of Achievement Events will be concluded by the middle of October. The following schedule for the remaining events has been arranged and the public is cordially invited to attend one or more of these programs, which symbolizes the clubs' accomplishments for the year:

September 30—Miss Ethel McKinney, Jones Prairie—3:00 to 5 p. m.; October 1—Mrs. J. Tom Williams, Sandy Creek—3 to 5 p. m.; Oct. 6—Mrs. Bruce Jennings, Davilla—3 to 5 p. m.; October 6—Miss Ethel Brewer, Curry—8 to 10 p. m.; Oct. 16—Mrs. Walter Garrett, Clarkson—8 to 10 p. m.

Premium lists for the home division for the County Fair are complete and disappointment of committees for arranging exhibits have been made.

Miss Kate Schwarting of Clarkson, the newly elected chairman of the County Home Demonstration Council, will assume her duties in October, of directing the business of the clubs in the County during the years of 1936 and 1937. Mrs. Schwarting succeeds Mrs. Jesse Coward of Curry who recently resigned to move to Lampasas. Other officers of the Council for the year are: Mrs. Sam Lawhon of Ad Hall, Vice President; Mrs. L. L. Bradley of Bethlehem, Secretary-Treasurer; Mrs. Kay Moore of Bryant Station, recreation Chairman. Business Committee Chairmen for the new year will be appointed in January.

The County Council consisting of the president and one delegate from each club meets regularly each month to transact the business of the 29 clubs in the county.

### Huddle Highlights

#### WITH THE YOEMEN

BY THE PEEPING REPORTER

The Cameron Yoemen fought a blood and thunder game with the Caldwell Hornets on the Hornets' gridiron last Friday night in the second non-conference game of the season, ending with a score of 0 to 0.

The Yoemen have without doubt improved 100 per cent in the last two weeks and if they continue this improvement they will make a good showing against Thrall here tomorrow night.

Luther Poole, the only veteran Yoemen lineman, played the best game of his career Friday night. He broke through the Hornets' line time after time and broke up the Hornets' plays. If Poole will keep up the improvement he will make a brilliant football player before the season is over.

Heath, Yoemen center, played a scrappy defensive game and caused Caldwell backs a great deal of trouble, but his passes from center are still poor and show much room for improvement.

The passing of McLean was not what he was capable of doing—he failed to give the receiver enough lead on practically everyone of his passes last Friday. This resulted in the receiver having to turn around to receive the ball. McLean made some brilliant runs against the Hornets and can not be given enough praise for the splendid fight he showed in the game.

Guess and Gerick, both new men in the line, played heads up football, but Guess is still tackling too high and Gerick has yet to learn the "swing" of football.

### BETTER LIGHT ... BETTER SIGHT

Back to SCHOOL!

Protect Their Eyes with

PROPER LIGHT

School days are here again, with busy months of study ahead for the eyes of young people.

Especially during the school months should the eyes of children be protected against eye strain caused by glare, sharp shadows, insufficient or improper lighting. Poor lighting is the principal cause of one out of every five grade school children having defective eyesight.

But defective eye-sight can be prevented, to a large extent, by the use of correct quantity and quality of light for study and other close eye work. Make sure that your child is not studying under improper lighting conditions. Have one of our lighting representatives call, with a Sight Meter, and measure the lighting in your room, and explain to you where and in what quantity additional light is needed. ## YOEMEN

(Continued from page 9)

On Cameron's 45 yard line, McLean took the pass from center and gained 5 yards through center of line. McLean again hit left tackle for a 4 yard gain. He again tried right tackle but failed to gain. McLean got off a beautiful punt to Caldwell's 25 yard line where Slovacek received the ball and was stopped in his tracks by Peck.

### Caldwell's Ball

Massey hit left tackle with the force of a tornado, gaining 2 yards. He was stopped by Heath. Slovacek then took the ball and was swamped by the entire Yoemen team, losing 3 yards. Slovacek then got off a wobbly punt that was nearly blocked by Poole. Cameron returned ball to Hornets 30 yard line.

### Cameron's Ball

McLean crashed through right tackle for a 3 yard gain. He was stopped by Williard. McLean then passed to Underwood, who received the ball, ran three steps, then fumbled. Caldwell covered the ball.

### Caldwell's Ball

With the ball on the Hornets own 35 yard line, Massey gained 3 yards at right tackle where he was stopped by Underwood. Slovacek then failed to gain at center, after which he kicked to McLean who weaved in and out up the field to the Harnet's 40 yard line.

### Cameron's Ball

McLean picked up 2 yards over center where he was stopped by Schweda. McLean then passed to Underwood, making a first down for Cameron. McLean then plunged center for a two yard gain. Next McLean attempted a pass to Stewart but failed. Again McLean attempted a pass, this time to Peck, but failed. He passed again—a long pass across goal line. It was incomplete and the ball was put back in play on the Harnet's 20 yard line.

### Caldwell's Ball

Rosenkranz, the powerful Harnet back, picked up a yard at left tackle where he was stopped by Guess. Slovacek then took the ball through center for a two yard gain and followed up on the next play with a quick kick to Cameron's 48 yard line where the ball was killed by Story, a fast Harnet back.

### Cameron's Ball

McLean crashed through center, sidestepped two tacklers, and ran 5 yards. Peck took the next play, making a long sweeping run around right end that was good for a first down. Underwood then failed to complete a pass from McLean. McLean attempted another pass but it was intercepted by Story, a Harnet back, who carried the ball to Cameron's 40 yard line.

### Caldwell's Ball

The Hornets attempted a long pass but it was intercepted by Peck on his own 27 yard line, giving Cameron the ball again.

### Cameron's Ball

Peck picked up three yards at center. Turner then hit center for a yard gain followed by a long spiral punt by McLean. The ball was received by Massey on his 25 yard line. He was able to return the ball 5 yards before he was cut down by Hatch as the first quarter ended.

## SECOND QUARTER

### Caldwell's Ball

Gerick, a prospective all-star Yoemen tackle, broke through the Harnet's line and threw Massey for a loss of one yard. Slovacek then picked up 4 yards over right tackle, and followed with a punt to Cameron's 27 yard line where the ball was killed by Caldwell.

## Cameron's Ball

With the ball on Cameron's 27 yard line, McLean quickly to Massey who plunged up the field to the 50 yard line where he was cut down by a beautiful tackle by Hatch.

## Caldwell's Ball

Storey tried center for a yard gain where he was stopped by Guess. On the next play, Poole broke through the line, side-stepped a Harnet back and threw Slovacek for a 12 yard loss as he attempted to pass the ball. Slovacek then kicked the ball to McLean who returned the ball to his own 42 yard line.

## Cameron's Ball

McLean was stopped by Storey after gaining 4 yards over left tackle. Cameron was penalized and the play went over with Turner hitting the center of the line for no gain. Turner again took the ball, gaining 4 yards over left tackle. Next McLean attempted to pass to Turner but it was out of reach. McLean then punted to Caldwell but Cameron was off sides and the play went over with McLean kicking to Massey who received the ball on his own 35 yard line and returned it to his 40 yard line.

## Caldwell's Ball

Rosenkranz dashed around left end for a five yard gain. He was stopped by Hatch. Slovacek then crashed through center with a powerful drive taking the ball up the field for a first down. On the next play Gerick broke through the Harnet's line and threw Storey for a three yard loss as he attempted a fake play. Rosenkranz then hit center for no gain followed by a desperate effort from Slovacek to get loose around right end but he was brought down after a 3 yard gain by Poole and Hatch. Slovacek then kicked to McLean who was downed on his 11 yard line.

## Cameron's Ball

Turner struck the center of the line but failed to gain. McLean followed with an 8 yard gain around right end. McLean again took the ball for a 3 yard gain and a first down. McLean again took the ball passed to Underwood, but it was incomplete. Another pass from McLean to Peck was complete and good for 9 yards as the first half ended.

## SECOND HALF

Caldwell kicked off to Cameron. McLean got the ball on his 15 yard line and drove up the field, shaking off three tacklers, he returned the ball to his 34 yard line.

## Cameron's Ball

McLean tried the strong Harnet line for a two yard gain. McLean again took the ball, crashed through left tackle and ran about 15 yards for a first down. Underwood then completed a pass from McLean, gaining 5 yards more. McLean attempted another pass but was intercepted by Slovacek on the 50 yard line.

## Caldwell's Ball

Rosenkranz dashed around left end for a 4 yard gain. He was stopped hard by Hatch but Caldwell received a penalty and the ball was called back with Slovacek taking the ball this time around right end for a 3 yard gain. Slovacek again tried center for no gain, after which he got a beautiful quick kick to McLean who was tackled out of bounds on his own 8 yard line.

## Cameron's Ball

With the ball in Cameron's own territory, McLean kicked to Massey who received it on his own 40 yard line to be stopped instantly by Poole and Hatch.

## Caldwell's Ball

A pass from Slovacek to Williard was good for about 15 yards and a first down but in the following play Poole and Mode downed Rosenkranz

## "HANDSOMEST COACH"

University of Santa Clara in California claims that in Lavence T. "Buck" Shaw it has the handsomest coach in football. Buck was offered a contract by a Hollywood movie concern the other day but declined, saying: "I know my limitations and I wouldn't be any more use to you as an actor than the Marx Brothers would be to me as a backfield."

Twins are rather rare. In New York City at the Woman's hospital only thirteen pairs are reported in 1,412 births in a year.

behind the line of scrimmage for a 4 yard loss.

Slovacek attempted a pass to Storey but failed. Poole again broke through the Harnet's line and downed Massey behind the line of scrimmage for a 4 yard loss. Slovacek then kicked out of bounds on Cameron's 24 yard line.

## Cameron's Ball

McLean hit the line for no gain—He fumbled but Underwood recovered, after which Peck crashed through left tackle, got loose and made a splendid run down the field for a first down.

On a lateral from McLean to Peck, Peck fumbled and Caldwell covered the ball.

## Caldwell's Ball

Poole and Hatch again broke thru the Harnet's line to throw Storey for a 2 yard loss as he attempted a reverse play. Slovacek then tried the center of the line for no gain, following with a beautiful punt to Underwood who returns the ball from his 5 yard line to his 38 yard line.

## Cameron's Ball

Peck picked up a yard at center where he was stopped by Schweda. Peck again tried but lost 6 yards when he was downed behind the line of scrimmage by Frieda. Following this loss, Peck kicked to Massey who received the ball on his own 34 yard line and was stopped in his tracks by Lange as the third quarter ended.

## THIRD QUARTER

## Caldwell's Ball

A perfectly timed forward pass from Massey to Worthington was complete and good for a 6 yard gain. Slovacek hit left tackle for a yard gain and again at right tackle for a yard gain at right tackle for a 2 yard gain and a first down.

A pass from Slovacek to Massey was incomplete, followed by Slovacek failing to gain at left tackle. On the next play Heath broke through the Harnet's line and downed Massey behind the line of scrimmage for a 4 yard loss. Slovacek then kicked out of bounds on Cameron's 12 yard line.

## Cameron's Ball

McLean picked up one yard at center where he was stopped by Rosenkranz. Peck then took the ball and was thrown for a 2 yard loss. Peck again tried the line but failed to gain. With the ball on Cameron's 9 yard

line Peck got off a beautiful kick to his 45 yard line. Caldwell returned the ball to Cameron's 38 yard line.

## Caldwell's Ball

The Hornets fumbled on the first down and Hatch recovered the ball.

## Cameron's Ball

Peck tried the line but lost 2 yards when he was stopped behind the line of scrimmage by Rosenkranz. In the next play Peck attempted a pass to Turner but failed. Peck again passed but Rosenkranz intercepted it and made a beautiful run up to Cameron's 48 yard line.

## Caldwell's Ball

Massey shot a forward pass over center to Rosenkranz that was good for 15 yards and a first down. In the

next play the Hornets tried another pass but it was incomplete. Rosenkranz then tries a long end run but was stopped for no gain by Poole and Mode. On the last down Slovacek attempted a pass which was incomplete.

## Cameron's Ball

McLean picked up 6 yards over right tackle. He was stopped by Burns. McLean again took the ball, attempting to go around right end but fumbled and Caldwell covered the ball.

## Caldwell's Ball

Poole and Mode downed Slovacek behind the line of scrimmage for a 6 yard loss. Slovacek took the ball again and fumbled. Stewart covered

the ball for Cameron on his 42 yard line.

## Cameron's Ball

After a short incomplete pass from McLean to Peck, McLean heaved a long pass intended for Peck but was out of reach. Peck then attempted a long end run but fumbled and the Hornets covered the ball on Cameron's 48 yard line.

## Caldwell's Ball

With only a few seconds to play, the Hornets tried a pass but it was blocked by McLean. A pass from Massey to Slovacek was complete and Slovacek was headed straight into the field for a touchdown when Poole dashed out from nowhere and brought him down as the game ended.

## Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pain disappeared. I can't praise Cardui too highly because I know it helped me." . . . ## At The THEATER In Cameron

By C. W. GJEDDE

### "MY MAN GODFREY"

"My Man Godfrey" is a brilliant modern romantic comedy, madder and merrier than a million dancing mice running riot on a merry-go-round. This Universal picture, starring William Powell and Carole Lombard comes to the Cameron Theatre Friday and Saturday October 2 and 3.

The situations mount rapidly to a pitch of gray humor which keeps climbing the scale until the contagious fun has reached an epidemic of laughter. The most earth-bound pessimist will be a mirthbound optimist after seeing "My Man Godfrey."

### "THE DEVIL DOLL"

Familiar and beloved though he is to patrons of the screen, Lionel Barrymore is recognizable only by his inimitable artistry, in Metro-Goldwyn-Mayer's "The Devil Doll," which comes to the Cameron Theatre Thursday October 1.

Barrymore impersonates an ancient woman. In wig and skirts and petticoats, the veteran master of characterization, achieves something that he has ever attempted before. His change from a heavy browed and shaggy man he is, to the charac-

## Experts Attend Flood Control Conference

Experts attending the flood control conference called by President Roosevelt are shown at the White House. Left to right: Frederick A. Delano and Abel Wolman, both of the national resources board; H. H. Bennett, director of the soil conservation board; Maj. Gen. Edward M. Markham, chief of army engineers, and Aubrey Williams, federal relief administrator.

ter of a benign old woman is a miracle of the screen.

The story concerns the story of a half-mad scientist who conceives a formula that reduces animals and human beings to a sixth of their natural size but leaves them hopeless morons, subject to the will of their insane master. The laboratory, with its macabre scenes of tiny humans and the gloating genius plotting his revenge on cruel enemies, is one of

the tremendously startling spectacles in which Barrymore has ever participated.

This picture was directed by Tod Browning, frequently called "the Edgar Allen Poe of the screen."

### "ANTHONY ADVERSE"

The cast of "Anthony Adverse," the Warner Brothers picture which comes to the Cameron Theatre Sunday and Monday, October 4 and 5, is sort of roll call of the nations with England, France, Italy, Spain, Russia, Ireland, Denmark, America and Canada represented.

Varied Types are required in a story that is laid in five different countries on four continents, with nearly a hundred speaking parts.

England is represented by Edmund Gwenn, Claude Rains, Louis Hayward and Leonard Mudie; Denmark by Gale Sondergaard; Spain by Luis Alberni; Ireland by Henry O'Neill; Russia by Akim Tamiroff; Canada by Donald Woods; France by Matilda Comont; Italy by Rafaela Ottiano and America by Fredric March, Olivia de Havilland and Anita Louise.

"Anthony Adverse" is a dynamic production, filmed on a colossal scale from the famous novel by Hervey Allen. March has the stellar role in a cast of 98 speaking parts and 2,550 extra players. Mervyn LeRoy directed the picture from the screen play by Sheridan Gibney. Opera sequences were staged by Natale Carossio.

### NOVEL STORY BASIS OF NEW ASTAIRE-ROGERS MUSICAL

With New York as its principal setting and a distinctive double-triangle type of theme, Fred Astaire and Ginger Rogers introduce a wealth of novelty in their newest RKO Radio vehicle, "Swing Time," coming to the Cameron Theatre Friday and Saturday October 11 and 12.

Unlike their former offerings, the new picture has an intricately romantic story, with both stars pursuing the course of true love through the obstacles offered by a pair of rivals. Astaire is a cheerful gambler, seeking his fortune in Manhattan so he can go back to his home town and marry his childhood sweetheart. Miss Rogers is a dancing academy instructor who takes Astaire as a pupil, despite the glowering of an orchestra leader who intends to marry the luscious lady.

Complications come thick and fast, especially when Astaire's fiancée shows up and finds out what he is doing, and the band leader makes frantic efforts to break up the growing romance between Astaire and Miss Rogers. All this is interwoven with some of the catchiest song numbers and dances the famous pair have yet presented and the hilarious counterplay of a new screen comedy team in the persons of Victor Moore and Helen Broderick—a combination that gives "Swing Time" top honors in originality and entertainment value.

### "DON'T TURN 'EM LOOSE"

Bruce Cabot and Louise Latimer come to the Cameron Theatre Tuesday, October 6 in "Don't Turn 'Em Loose."

### "CRAIG'S WIFE"

John Boles and Rosalind Russell come to the Cameron Theatre Wednesday October 7 in "Craig's Wife."

## Grid Hero Remains Boys' Idol Through His Motion Picture

Football stars pass into oblivion after leaving college and are soon forgotten by a fickle public. One of them, however, has remained the idol of growing boys by choosing another means of remaining in the public eye. Reb Russell, All American halfback at Northwestern University in 1930, became a prominent western motion picture star.

### Joins Circus

The late Knute Rockne, famous Notre Dame Coach, gave Russell the unique compliment of considering him the greatest plunger in football history. His plunging these days is through canyons and thickets, and is done on his super-horse, "Rebel."

Reb and Rebel have taken time off between pictures to appear in person at each performance of Russell Bros. 3-Ring Circus, which will appear in Cameron for Matinee and evening performances on Saturday, October 17.

### Idol of Boys

A few of Russell's recent starring vehicles are: "Lightning Triggers," "Arizona Badman," "Range Warfare," and "Fighting Through."

Reb and Rebel head the Wild West section of Russell Brothers Circus, which includes exhibitions by a large troupe of cowboys, cowgirls and Indians. Riding, roping, whipcracking,

sharpshooting and other typical frontier demonstrations will take place in the "big top."

Whereas Russell's primary appeal is manifestly to Boys who aspire to athletic prominence, or who have thrilled at his remarkable feats of horsemanship in the movies, a few of the boys' older sisters may also derive enjoyment from the ex-football hero's performance. He is said to be as handsome off the screen as on, and he is unmarried.

## DRUG ADDICT HAS ARGOT THAT GIVES TIP ON MENTALITY

"All Lit Up" Is State of Being Under the Influence of Narcotics.

New York.—The strange position occupied by the drug addict in American underworld life is revealed by David W. Maurer of the University of Louisville after years of what he calls "academic snooping."

In a publication by the Columbia university press, Maurer makes the following distinctions between addicts and other underworld characters:

1. Gangsters, racketeers and criminal aristocrats do not use narcotics. When a gangster becomes addicted he is eliminated immediately as he menaces the safety of the organization.

2. Narcotics have little connection with violent crime.

3. The narcotic racket is controlled by gangsters of a vicious type, not addicted themselves, who spread the habit mercilessly to enlarge their market.

4. There is nothing romantic about the life of illusion and misery which the addict leads.

### Lingo Is Psychological.

The lingo of the addict provides insight into his psychology and his underworld life, according to Maurer. "Coasting," "floating," and "to go on a sleigh ride" are all expressions to denote the exhilarating sensation produced by cocaine. "All lit up" also indicates the state of being under the influence of narcotics.

The argot of addicts, one of the "languages outside the law," is the most difficult to investigate, Maurer found. Hostile silence confronted him for several years in his attempts to gain information regarding it.

"If safeblowers, pickpockets and short-conners and other underworld professions had developed well-defined argots," Maurer said, "it seemed logical that addicts and peddlers should have developed one of their own."

After several years of work, with information obtained from stool-pigeons and informers employed by authorities, federal agents and physicians, Maurer was able to weave together a representative cross section of 238 terms of the addicts' professional jargon.

### Learns About "Circus."

He learned that a "circus" is a feigned spasm enacted in public in the hope a physician will administer narcotics.

Other words having related meanings are "Brody," "cart-wheel," "figure eight," "twister," "wingding." To "make a croaker for a reader" is to persuade a physician, by one means or another, to write a prescription for narcotics.

Nonaddicts, people with no criminal connections, and taxpayers are "do-right-people," and are also designated by the term "square John." A person, not a confirmed addict, who indulges in an occasional shot of dope is called a "joy-popper." "However, 'joy-popping' is usually the beginning of permanent addiction," comments Maurer. An opium pipe is a "joy stick."

A "panic man" is an addict who is desperate for narcotics because of deprivation.

### Old Cannon a Clue to Sunken Treasure Vessel

Lewes, Del. — "We'll look for guns, for copper, and for teak-wood," says Charles N. Colstad, leader of the New England group of submarine salvagers, who are soon to resume the effort to find and raise the treasure sloop "de Braak," which has lain at the bottom of the sea 139 years.

"We know our little man 'o wars-man, only 125 feet long, carried eighteen small deck cannon, sixteen of which were on her when she was taken from the Dutch, with two more added by Captain James F. Drew, the skipper who went down with the ship somewhere near Cape Henlopen on May 31, 1798," he writes.

Two hundred tons of copper, captured from two Spanish galleons bound from La Plata to Spain in the De Braak's West Indies raid, were on her deck, and this, making the vessel top-heavy, is blamed by many historians for the "melancholy accident," in which more than half of her crew of eighty-three met their death.

### Burglars Aid Escape by Freeing Swarm of Bees

Davis, Calif.—Burglars who looted a local warehouse successfully solved the problem of delaying an investigation long enough to escape. They liberated a swarm of bees in the warehouse. It was necessary to send to Sacramento for bee handling equipment before local authorities could even ascertain what had been stolen.

### Fish Kill Selves

Anaconda, Mont.—Apparently the ordinary trout simply can't stand the sight of the albino or light colored trout. When four of the latter were placed in a hatchery tank of the Montana state fishery, the ordinary trout began dying by jumping against the top of the tank until 17 out of 35 were dead. The four albinos looked on undisturbed.

## EIGHTY TALENTED ARTISTS FEATURED IN TENT THEATRE

PICK OF TALENT FROM FLORIDA WINTER CLUBS ON COMING ATTRACTION.

So many beautiful girls that you can hardly count them; the famous Palais Royale Orchestra direct from Miami; dozens of noted vaudeville artists, a dramatic cast of prominent players from stage and screen, and last but by no means least, Daphne, "The Queen of Fan Dancers," comprise the entertainers who will visit Cameron on the night of Saturday, October 3, playing but one engagement here. So massive is the attraction that a caravan of more than 35 large trucks, cars and busses is required to move the show, yet it is neither circus nor carnival but is recognized everywhere as being an outstanding example of a clever combination of drama, vaudeville, cabaret and revue. In the words of the advance representative it is "the greatest show on earth for the money." Presented under a huge tent with a seating capacity of more than 4,000 the huge and spectacular attraction is offered to the theatre-goers of Cameron at popular prices and on this one night engagement, ladies will be admitted free when accompanied

by one adult paid admission.

### 12 Years On Tour

This is the 12th Anniversary tour of the Famous Billroy's Comedians and in celebration of this anniversary event, Manager Wehle has completely reconstructed his famous show which has been making history for the past twelve years and is one of the most popular attractions on the road. This year, in keeping with the trend of the times, he has carefully selected a large cast of noted stage and screen players who will present the three act farce comedy which provides the vehicle for a great array of talent. Interspersed throughout the program will be more than a score of outstanding vaudeville acts, including the sensational and exotic offering of "Daphne," the queen of fan dancers whose fresh youthful beauty lends charm that is both impelling and compelling. Dozens of lovely, the pick of Florida night clubs will be featured in numerous dance routines all beautifully, albeit some-

what scantily clad.

### Clean Show

Yet, there is absolutely nothing to offend the most fastidious, as Billroy's Comedians, during the past 12 years, have built up a tremendous following among women and children of the best families in the various cities regularly visited and it would obviously be suicide for Manager Wehle to present anything but the finest type of performance.

The doors of the huge tent will open at 7:15 with overture by the Palais Royale orchestra following at 7:30 and then the curtain will rise promptly at 8:15. As above stated popular prices will prevail. One night only in Cameron on Saturday, October 3, the show grounds being located at Mondrik's show lot, Santa Fe Town, at Kunz Planing Mill.

## Belief In Each Other

—is the foundation of the relationship between a bank and its customers.

THE bank in accepting deposits from its customers also receives their confidence and trust. In granting loans to borrowers the bank expresses its own faith in their trustworthiness and business abilities.

A bank's position in its Community, therefore, is founded both on its confidence in customers and its sympathetic understanding of their aims and methods, and also on the confidence of its customers in its own business methods and policies.

This bank's loaning and investment practices, its facilities for protecting depositors' funds, and its careful consideration of all loan applications have brought us the confidence and banking business of many people in this Community.

## Try CARDUI For Functional Monthly Pains

Women from the 'teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. - I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

### Introducing—

Mr. and Mrs. Dalton Stephens are the proud parents of a seven pound baby girl, Ava Jean, born Tuesday evening September 22.

### Sharp Minister Critically Ill In Hospital at Temple

The Rev. C. H. Ward, pastor of the Sharp Presbyterian church is suffering from neuritis in a Temple Hospital. Mr. Ward became ill about a week ago and was carried to the hospital last Saturday. He was reported improving Sunday evening and we wish for him a speedy recovery.

### Musical Program at Rosebud

There was a large crowd at Rosebud Friday night to hear the Musical Brownies from WBAP, Fort Worth. There were about 140 tickets sold to men and about the same number to women.

### Personal Mention

Mrs. J. M. Richmond of Lilac has been on the sick list for about a week, but is improving at present.

Rufus Reichert who has been on the sick list for some time is improving.

Several from Sharp attended the shower given Mr. and Mrs. Morris Green in Tracy Saturday night.

Mr. and Mrs. William Gregory of Caldwell visited in the C. J. Brown home last week.

There were about 650 bales of cotton ginned at the Will Davis gin up until Saturday night.

Passengers in the smoking compartment on my train were arguing about why railroad business is picking up.

A factory owner said it was because of this new Free pick-up-and-delivery of less than carload freight. This is door-to-door service with no extra charge added to the freight bill.

A traveling salesman said it was because so many passenger and freight trains now run on faster schedules.

There was a school principal in the group and he said it was because train travel is so much cheaper for passengers. He said passenger fares are at the lowest point in history, with substantial reductions if you buy a round-trip ticket—and no more surcharge for riding in sleeping cars.

One man, a farmer, said he liked something he could depend on, that's why he was traveling by train.

Another man, a newspaper reporter, said people were in favor of railroad travel because it is by far the safest. He quoted a lot of statistics from a book called, "Live and Let Live."

A banker we all know by name said railroad tax payments mean a lot in this state.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

## NEGRO AGENT URGES FALL FOOD PLANTING

After a survey of the county I am convinced that there is a shortage in the food supplies of the average negro farm family. Unless this shortage is supplemented by planting fall food crops, there will be some suffering this winter. The rains that we have had during the past week, have meant much in getting a good start with the fall crops. It is not too late to plant the following fall and winter vegetables: carrots, beets, cabbage, turnip greens, radishes, Swiss chard, spinach, kale, lettuce, mustard, rape, tendergreen, shellots and onions.

### Urges Fertilizer

The soil should be well prepared and highly fertilized to get the best results. Nothing is better than well rotted barn yard manure—broadcast and turned under, and use in connection with this four or five pounds of 5-15-5 or 6-12-6 commercial fertilizer.

er for every 100 feet applied in the drill. In planting fall gardens one-fourth more seed should be used than for spring planting as seed germination for this season is poor.

Feed crops should be supplemented also by planting a good crop of oats. This crop should be started now in order that you have a good winter grazing crop and a better yield next spring. The oats may be broadcast and turned under with a break plow. If the soil is rough after breaking the water will not run off but will be taken into the soil.

For any assistance in fall crops see your county agent.

W. H. Phillips,  
Negro County Agent.

The Yoemen will meet some real opposition here tomorrow night when they line up against the Thrall eleven. Thrall is going to put up a hard fight as usual but if the Yoemen play the same brand of football they played against Caldwell they will give Thrall a good fight.

## PENSION CHECKS TO BE CUT DOWN BY STATE

Austin, Sept. 26—Orville S. Carpenter, Texas old age pension director, confirmed here that orders have been given to deduct all the aid pensioners receive from relatives—rent, food, clothing, cash—from their state-federal allowance.

The order was issued to district supervisors in August, and had not been made public at pension headquarters. It came to light in south Texas, apparently through a district supervisor, and news reports, when called to Mr. Carpenter's attention, were confirmed.

Effect of this order will be to take several thousand of the aged persons off the pension rolls entirely, and to reduce the allowance of probably half the eligibles, if it is carried out.

In the past the old age assistance commission had taken the stand
